Clubs should ensure that their Team Manager, if not the designated contact, is given a copy of the entry list information and has a copy of the entry forms before they are submitted. This will enable checks of the accuracy of the entry lists.

A summary of the entry fees required will also be given to each club. A final pre-event circular will also be distributed by email at this point to give instructions to all clubs regarding access to the venue/storage of gear trailers etc.

Team Managers **must** check the entry lists to ensure that all entries for his/her club are listed and accurate and advise by email up to five days before the event of any queries or omissions. **After this time no amendments can be made, even if SLSGB has made the error**

Each club will be required to give a contact number to enable organisers to make contact in case of further queries. This number will also be used to receive by text any late changes to programme based on the number of confirmed starters, start times or venues if required, and to confirm the start time and venue for the Team Manager's Meeting on the opening day of the event.

# Regulations and Conditions

## Heat Draws / Entry Times

All events will be decided on a heat-declared winner basis, heats will be seeded according to entry times. Heats for individual events will be drawn based on entry times as declared on the entry forms.

The fastest declared entry times will be drawn in the last heat. Where no entry time is declared the individual will be drawn in the first/early heats.

Clubs are reminded that they must only enter times that have been achieved by competitors. It is unfair to enter times that have not been achieved or that are unrealistic. All this does is place the competitor in a potentially embarrassing position as they may have to swim in a heat where they are clearly far slower than other competitors. This is also unfair on those who should rightly be seeded into the fastest heats on their ability.

The purpose of seeding competitors by entry time is to try to ensure that races are competitive and competitors swim in heats with others who can achieve similar times. Entering false or unrealistic times is deemed unfair practice and goes against the SLSGB's Fair Play Code.

## Event Helpers and Timekeepers

Each competing club must supply 1 timekeeper (they must bring Stopwatches, pens/pencils, clipboards and wear a white top as a minimum please). Other events helpers also need to be provided to help to move equipment as determined by the referee, for the duration of the competition. Each competing club must also provide at least 1 suitable adult (able to spend a considerable amount of time in the water) for each 8 competitors entered, to help reset the manikin events.

If there are insufficient event helpers or timekeepers, the organisers may have no option but to cancel one or more events on the day.

## Rules for the Event:

The Rules for the event will be the current ILS Competition Rules (No Modifications)

## Equipment to be provided by competing clubs – manikins

Each club must provide at least 2 ILS specification manikin for the competition. We need at least 8 manikins to run events where manikins are used, and 16 for the 200m Super lifesaver. Having more manikins available will mean that the turn-around time between events will be significantly shortened. Ensure your manikin is clean and clearly marked with your club's name.

SLSGB are not responsible for a loss or damage to manikins. Please make sure that they are properly identified.

# Team Manager's Meeting

All Team Managers must attend the Managers meeting.

Failure to attend this meeting and pay the required fees at the correct time will mean that the Club's participation in the event will be at best being delayed and at worst may be denied completely by the organisers.

## **Consent:**

Team managers must be fully aware of any pre-existing medical condition or medication necessary for team members

We strongly advise that all team managers, officials, and helpers involved in the event, should be registered with and cleared by Club Safeguarding Officer and where appropriate, relevant checks are completed.

By entering the competition, you agree that SLSGB events are held in public places and by participating in these championships, competitors may be photographed, and these may be published.

If you do not give consent to have photographs taken and possibly used for promotional purposes which may include media, social media, and website images, at SLSGB events, it is your responsibility to register with the National Safeguarding Manager or Event Manager at the SLSGB event HQ at the beginning of the event.

A guide to Young Person Welfare procedures for this event will be sent to Team Managers and will be available on request to any interested parties.

## **Competitor Numbers:**

Each competitor must have their four-digit number (club code plus two numbers as determined through the entry form) marked clearly on the back of their right hand at all times. This is essential for the recording process to operate effectively, as the recorders will only record the numbers of the competitor against the placing on their sheets.

It is essential that all competitors have the number clearly displayed and can show it to any official when requested. Failure to do so could lead to the competitor being disqualified. Each club will be supplied with a suitable marker pen to mark their competitor numbers.

## **COVID - PLEASE HELP US TO KEEP EVERYONE SAFE**

**Although not strictly required, but if possible before attending the event undertake an LFT 72 hours before the event start date.**

**Team Managers will be asked on registration to confirm that all Team members and helpers have not very recently displayed or are currently experiencing any COVID symptoms.**
